Objective:

*I am a highly skilled and motivated **Mechanical Engineer** seeking a challenging position in a field of **Computational Fluid Dynamics**. I have worked on **Multiphase flow** analysis, specifically in the realm of **blood flow**, utilizing **ANSYS Fluent** software and implementing **User Defined Functions (UDF)** for comprehensive investigations. Equipped with a solid foundation in computational fluid dynamics and a genuine enthusiasm for tackling intricate fluid flow challenges, I am eager to apply my technical expertise to the advancement of innovative solutions. My objective is to leverage my knowledge and experience to propel advancements in fluid dynamics, streamline design processes, and optimize product performance.*

I have a strong foundation in mechanical engineering with a specialization in thermal engineering, backed by a proven track record in teaching and research activities to contributed the scientific community through publications. I am continuously stay updated with the latest CFD methodologies and softwares. With my analytical skills, problem-solving abilities, and adaptability, I am confident in my ability to contribute to your organization's success. I am eager to join a company that values innovation and offers opportunities for personal and professional growth, where I can apply my technical skills and make a meaningful impact in the field of fluid dynamics.

EDUCATION

1. **Pursuing Ph.D.** From National Institute of Technology Karnataka (**NITK**) Surathkal Mangalore.
2. **M. Tech. in Thermal Power Engineering (2013)**, PDA College of Engineering Gulbarga - Visvesvaraya Technological University, Belgaum
3. **Bachelor of Engineering in Mechanical Engineering (2011)**, Sapthagiri College of Engineering Bangalore - Visvesvaraya Technological University, Belgaum

SKILLS

1. Proficient in **Computational Fluid Dynamics** (CFD) modeling and simulation
2. Thorough understanding of Heat Transfer, Thermodynamics, and fluid mechanics
3. Strong analytical and problem-solving abilities
4. Knowledge of software tools: MS Office, Solid Edge, CADD, CAMD, ANSYS.
5. Ability to work effectively in a team environment
6. Continuous learner with a passion for staying updated with the latest industry trends

EXPERIENCE (TEACHING – 6 YEARS)

- 1. Assistant Professor**, Mechanical Department, **Anurag Group of Institutions** (Formerly CVSR College of Engineering) (Autonomous), Hyderabad - July 2016 to May 2019
- 2. Assistant Professor**, Mechanical Department, **Holy Mary Institute of Technology & Science**, Hyderabad - December 2015 to June 2016
- 3. Assistant Professor**, Mechanical Department, **Lingaraj Appa Engineering College, Bidar** - August 2013 to November 2015
- 4. Lecturer**, Mechanical Department, **H.K.D.E.T Polytechnic College**, Humnabad - November 2012 to July 2013
